*your wares for
discerning BUSINESSES like yours*

EXHIBITIONS & DISPLAYS

Sometimes it's not just what you say, it's how you look when you're saying it.

Our Exhibit range gives you the tools to emphasise your message. For the first time, create enormous eye-catching displays... without the eye-watering price tag.

We've invested in the very latest, high-end, direct-to-fabric printing technology.

Our production hub employs talented seamstresses and technicians, ready and skilled to turn your ideas into a wonderful fabric reality.

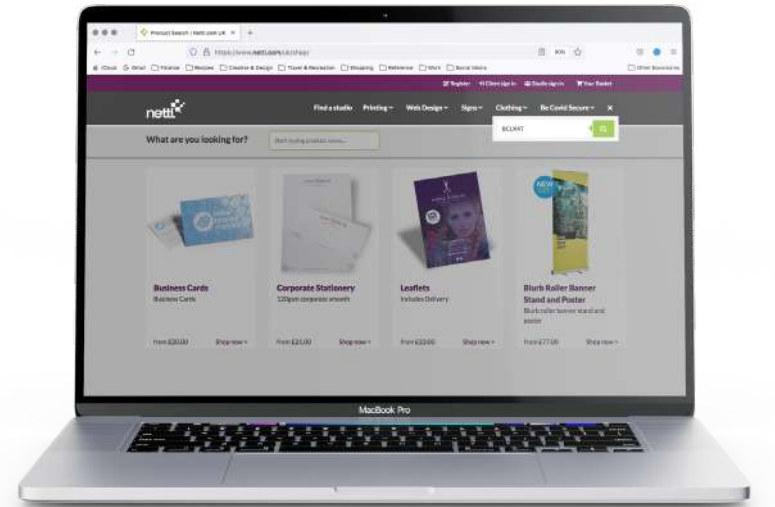

Seeing is believing. Drop by your neighbourhood Netti studio to goggle at the samples and talk through options.

Make the most of your next exhibit.

Let's go!

DISPLAY STANDS

All our freestanding displays are highly portable. Clip together the frames, then pull over the fabric graphic.

Use at networking meetings, exhibitions or for in-store point-of-sale displays.

When it's over, dismantle in minutes and be on your way again – each comes with a carry case.

HOW FABRIC DISPLAYS WORK

Fabric Displays are made up of two main components — a strong, lightweight, tubular aluminium frame and a printed fabric cover.

The 260gsm Stretch fabric cover is printed on both sides as standard. Designed to fit snugly over the frame, it is secured at one edge with a zip fastening. The fabric cover is changeable and additional covers can be ordered separately.

These 'next generation' displays deliver maximum impact and completely eliminate the problem of visible join lines on larger displays.

Fabric Display frames utilise a simple 'click together' mechanism.

Each part is numbered for easy identification and quick assembly.

Stretch the fabric graphic over the frame and zip up.

All Fabric Display frames are supplied with a carry bag for easy transportation and storage.

Each stand clicks together in a few minutes and then simply stretch over the printed fabric graphic.

CURVED BACKDROPS

Ever had to build one of those frames with magnetic bars and panels of graphics? Not fun.

Our curved backdrop displays pop up in minutes. Each has a continuous graphic, so you don't need to worry about lining up panels – stretch your message across the whole stand.

They're optionally double sided too. And the magic of stretchy fabric is you can flip which side is front each time. One message at one event, flip, different message at the next.

TENSION FABRIC BOXES

Turn any corridor or communal area into a mini art gallery with beautiful fabric boxes.

Each is an aluminium frame, with thin channels. Attach a fabric graphic, which has silicon stitched to the edge, by stretching it across the frame. The graphic extends right to the edge of the frame, giving a large, uninterrupted, display area.

Wall Boxes can be screwed to a smooth wall, and **Lightboxes** are free standing.

Lightboxes feature a row of led lights inside the frame which illuminates the image from behind.

Graphics and frames can be ordered separately. Lightboxes are double sided — so two graphics are recommended.

GAZEBOS

This 'Marquis' gazebo has a fully printed canopy plus one half height wall and one full height wall.

Printed gazebos are all the rage at farmer's markets, festivals and fairs. Our range now features new lower cost options, so you can make the most of your marketing budget.

In every case, the gazebo frame is the same. It's compact for storage, then pops up and locks into place.

You've got a choice of a plain black canopy, your name or logo printed on the front fascia or your branding fully printed on all sides and the top too. Each canopy is a water resistant material that'll keep you and your stock dry if it rains.

Clip on the number of sides you want. A full height wall hangs from the top, or you can choose half height walls, which come with a rail. Why not print a half height wall for the front too, to act as a cool branded counter?

Remember you can buy all the printed parts separately, so you can change your messages for each season or each event, and keep using the same frame. Neat!

Frame contracts to compact size.

Pull the legs outwards – the frame builds itself.

Pop the canopy on top.

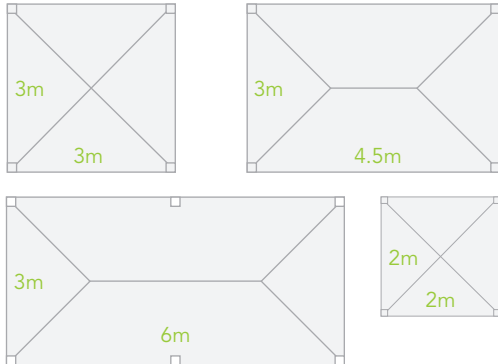

Arrange the corners of the canopy.

DESIGN YOUR GAZEBO

STEP 1

CHOOSE YOUR SIZE

The smallest is 2m x 2m. Our bestseller is 3m x 3m, bigger than typical domestic gazebos. Our most impressive is the double-width 6m edition and for those that need something in-between, we have the 4.5m edition.

This 'Viceroy' gazebo has a fascia printed canopy plus one half height wall and one full height wall.

3 x 3 x 3m Gazebo – frame & canopy
Printed on waterproof 285gsm Tent Fabric
Assembled size(mm): 3000(w) x 3000(h) x 3000(d)
Walls full colour print on one side or both sides
Fire retardant and fade resistant
Supplied with heavy duty steel frame, carry bag, ground pegs and guide rope

STEP 2

CHOOSE YOUR CANOPY

Our lowest price is a black unprinted canopy. Upgrade and get the fascia pelmet printed. Or, be bold and opt for the whole top and pelmet printed on all sides.

	2x2m	3x3m	3x4.5m	3x6m
<i>Black unprinted 'Chief'</i>	FDSMU2FC	FDSMUMFC	FDSMU4FC	FDSMU6FC
<i>Fascia printed 'Viceroy'</i>	FDSDE2FC	FDSDELFC	FDSDE4FC	FDSDE6FC
<i>Fully printed 'Marquis'</i>	FDSGZ2FC	FDSGZBFC	FDSGZ4FC	FDSGZ6FC

STEP 3

THEN ADD YOUR WALLS

Most people finish their gazebo with walls. The most popular combination is one full height back wall and two half height side walls. Half height walls include a hanging rail – which can be positioned on the front of the Gazebo to hide a table if you're selling stuff over the counter.

All gazebo sizes have the option to add single sided, double sided, half height or full height walls.

Build your gazebo combination online for an instant price.

FLAGS

Let's do a little experiment. On your way home tonight, count the number of flags you see. They're absolutely everywhere.

Why's that? Well for less than a hundred quid, you get a three metre high, fluttering, piece of eye catching marketing for your business. They are such great value, it's no wonder businesses are lining them up on their car park and forecourt and outside their front door.

All our flags are suitable for use indoors and outdoors. They're double-hemmed for durability, with a strong pole pocket which is designed to be used multiple times.

CREATE YOUR FLAG

IN THREE EASY STEPS

STEP 1 CHOOSE YOUR **STYLE**

Choose from a Teardrop, Quill or Empire shape, depending on your personal taste. See next page.

STEP 2 CHOOSE YOUR **MATERIAL**

Lowest cost option is a single sided flag material. In exposed environments, choose Vent material. Or go double-sided and your message can be seen the right way round on both sides.

STEP 3 CHOOSE YOUR **BASE**

Get the right base for the surface you want to display your flag. We've got options for indoors, for grass and outdoor pavements.

❗ Wash flags at 30°
before using in wet
weather to prevent the
ink from running

STEP 2

CHOOSE YOUR FLAG MATERIAL

SINGLE SIDED

The lowest cost option. Your design will be printed one side. If viewed from behind, you'll see a mirror image on the reverse.

DOUBLE SIDED

Have a different message on each side of the flag, or show the same message on both sides – we put a blackout divider in between to prevent showthrough.

VENT WEAVE

For more exposed environments, opt for a single-sided vent material which allows maximum air to pass through.

STEP 3

ROLLER BANNERS

These portable Roller Banners are ideal for indoor exhibitions and permanent office displays.

Choose from either economic 510gsm PVC poster or 410gsm greyback Opaque film material which prevents light from passing through and minimises curling on the sides.

Both substrates are printed using latex inks which gives them a scratch, UV and water resistant finish.

Each includes banner stand, pole, single sided poster and carry case.

PRINTED FABRIC

With printed fabric, the possibilities are endless. You can buy any of our fabrics, printed with your design and priced by the square metre. The minimum price is just one square metre. Each fabric comes in different widths, so check online for the maximum width and lengths.

The lowest cost option is unfinished raw fabric, great if you're making it into something else. Or opt for a hem, to make a neat edge. Other optional finishes include eyelets or silicon edges – add to your basket to see the cost.

FLAG

Lightest weight fabric for thin curtains and indoor or outdoor flags

VENT

Perforated mesh material is great for exposed outdoor areas

ACOUSTIC

Rough textured acoustic fabric for maximum sound absorbtion

STRETCH

As used on our pop up display range – good for tensioned display stands

TENT

Waterproof 100% polyester coated fabric is perfect for outdoor items

DISPLAY

For indoor retail and promotional purposes like tablecloths

BACKLIT

Ideal for use in lightboxes, large and small – optional silicone edging
