There is something special about spring, don't you think?

Is it the feeling of warm sunlight on your face?

Or opening up the windows for the first time? **Let the fresh air in.**

Flowers in bloom, symbolic of a fresh start. **A rebirth.**

Perhaps more significantly so this year than ever before.

Cautious optimism is in the air. **Momentum** is an invisible force.

Can you sense it? Look carefully, you'll see the signs.

More brave entrepreneurs took the leap in 2020 than in 2019.

More than half of the Fortune 500 companies were started
in a recession.

Diamonds are formed under pressure.

Opportunity follows struggle.

You didn't make it this far, to only come this far.

Under starter's orders... **Let the recovery commence.**

ARE YOU MAKING THE MOST OF YOUR OUTDOOR SPACE?

Make *more* of the GREAT OUTDOORS

With lockdown changing, customers are being welcomed back with open arms. Well, more of a socially-distant-wave from a well-sanitised hand, than a warm hug. But nevertheless it's a welcome sign as businesses look to reboot.

Post-lockdown advice can be a little muddling at times but one thing is very clear - outside is best. The Covid-bashing combo of safe distances and the great outdoors significantly helps to reduce the chance of spreading any nasties. Keep hand sanitiser handy and you're good to go.

Table tops to rooftops. Collections under canopies. Breaks on the benches. Open air events. Meetings moving outside. However you're planning to make the most of the great outdoors, our weatherproof Covid-secure collection has it covered.

GAZEBOS

Printed gazebos are all the rage at farmer's markets, festivals and fairs. Our range now features new lower cost options, so you can make the most of your marketing budget.

In every case, the gazebo frame is the same. It's compact for storage, then pops up and locks into place.

You've got a choice of a plain black canopy, your name or logo printed on the front fascia or your branding fully printed on all sides and the top too.

Each canopy is a water resistant material that'll keep you and your stock dry if it rains.

Clip on the number of sides you want. A full height wall hangs from the top, or you can choose half height walls, which come with a rail. Why not print a half height wall for the front too, to act as a cool branded counter?

Remember you can buy all the printed parts separately, so you can change your messages for each season or each event, and keep using the same frame. Neat!

Frame contracts to compact size.

Pull the legs outwards – the frame builds itself.

Pop the canopy on top.

Arrange the corners of the canopy.

EMBRACE ECOMMERCE

No one will ever buy shoes online.

Or at least they didn't, until Nick Swinmurn, founder of Zappos, believed they would. Free delivery, free returns, unparalleled customer service and 12 years later the Amazon acquisition boast annual revenues of over \$2 billion.

So how do you feel about buying a car?

Do you enjoy perusing the forecourts? Trying the seats for size? The free coffee, a test drive? (Even if you do have to put up with the ever-so-attentive sales assistant). Let's face it, once you're driving the thing around you're sold, right? Hmm, maybe the thought of the sales process is enough to put some people off, but how can anyone resist that new car smell?

Well, it appears that smell is surplus to pre-sales requirements, as thousands flock to buy their next car online. No fuss, no haggling, no test drive. Just next day delivery. It's a game-changer.

If you can buy shoes online, and cars online, you can sell your thing online too. Not just 'can sell'. **Must sell.**

The relentless march online has been underway for years. £3 of every £10 is now spent online. 50% more than before the pandemic. Ecommerce was already growing substantially. The pandemic simply accelerated things. New online shoppers were forced to try it. And they liked it. Once habits form, behaviour changes forever. It seems certain more sales will happen online. And not just consumers. Because behind every B2B transaction is a human.

And even if you don't sell products, you should be offering online bookings. Webinars, demos, or free trials. All smoothly transacted online. The successful churches we mentioned earlier all signed up to enable online donations. eCommerce isn't just essential, it's a post-pandemic survival skill.

Starting to sell online may cost less than you think. Contact us to get started free, or head to www.websitesbyprinting.com

SOMETHING TO REMEMBER ME BY

Branding isn't just a logo, it's the whole customer experience. Every touch point with your business is an opportunity. **Be memorable.** Brand each step of the journey. Reinforce brand loyalty and evoke feel-good vibes.

When you're planning to connect with your clients, remember print makes us feel. This offers a huge opportunity for you to reach your customers when they're not strolling your street.

Sending something physical to a prospect or loyal customer can seriously bolster the impression you make. Interactions with direct mail have increased 11% versus the same time last year and door drops 15%.

They say it's better to give than receive. In business, it makes even more sense. Thanks to the 'burden of reciprocity', when you give gifts, people feel obliged to repay the favour. Like by buying something. Print a logo on your gifts and keep your brand front of their minds.

Looking for ways to ***make your marketing compelling?*** Exchange ideas with your local printing.com that will hit your target audience in the feels.
